You bet I can!  
I use BarTracks™!

# TRACKS AND MANAGES ALL YOUR FACILITY'S ASSETS !

- What **Assets** do we have?
- Were they bought with **APF, NAF, or other funding**?
- What **Condition** are they in?
- What are their **Locations**?  
(Building & Room, Storage, Repair, Salvage)
- When & Where were they **Last Seen? By Whom?**
- When does their **Warranty expire?**
- What are their **Purchase Costs and Present Value?**
- Can we print a **Report** on any and all of this?

- ✓ **Great Return on Investment** -- Saves money & time!
- ✓ **Everything you need to know, track and report!**  
Easy setup of Facilities, Buildings, Rooms/Locations & Room Types, Assets & Asset Types, Funding Types...
- ✓ **Use hand-held scanners:**  
Lets you check your assets wherever they are & whenever you want!
- ✓ **Print routine and special-needs reports:**  
Answers all the questions above, and more!
- ✓ **Easy-to-manage:**  
You control who uses the system, who can perform routine and sensitive management functions, where the computer stores information, backup—makes all the picky details point-and-click-simple!

BarTracks™

CAN DO !
